

Remarks

Applicant thanks Examiner for her review of the application and willingness to allow claims 5 and 9, if rewritten in independent form. In response, Applicant has rewritten claims 5 and 9 in independent form, has amended claims 6, 7, 8, 10 and 11 to make them dependent on newly independent claim 5, and has added new claims 13-21 which are existing dependent claims that are now being made dependent on claims 5 or 9.

Applicant believes the current application is now in form for allowance.

Respectfully submitted,

By _____.
